SVNS World Championship Finals - June 5, 6 & 7

Bordeaux switches to SEVENS mode

Bordeaux SEVENS 2026 is much more than a final; it is the highlight of world rugby sevens. The most important event in this discipline. It will take place at the Stade Atlantique Bordeaux Métropole on June 5, 6, and 7, 2026, 2027, and 2028.

The final chapter of an international season, and the first in a series of three editions, making Bordeaux the capital of rugby sevens in France.

Here, rugby sevens goes beyond the field.

In addition to the competition, the tournament becomes a festival where performance meets culture and lifestyle. On the forecourt, a permanent entertainment village offers total immersion with themed food stands, artistic performances, and sports demonstrations. This ongoing experience, punctuated by encounters with players from the world circuit, makes the stadium a unique place for exchanges.
